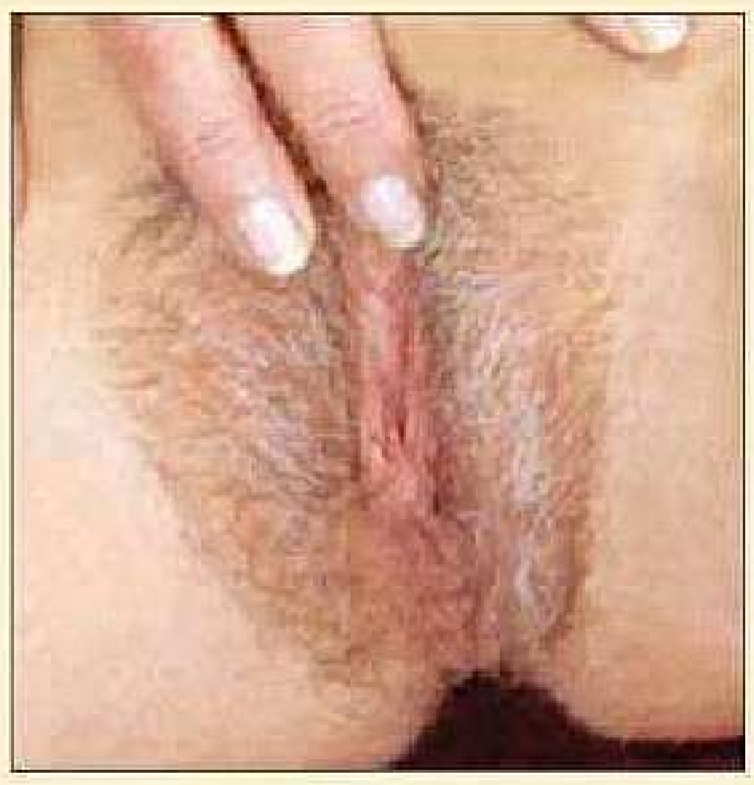
# It's all about the Hair Down There

***It's the hottest topic in today's sexually charged world. Or at least at the beauty parlors and nail salons of our nation. Do men want their women with a bush or sans-hair? Do women really want to shave it and if they do what do they do down there? It's about time for the low-down.***

Hairless pussies have been around for a long time. At least as far back as the ancient Egyptians and Greeks. Was it done for the same reasons as today. We think so. Greek female statues show no hair down there. The famous nudes of the painting masters of the Renaissance are also baldies. But we were born with pubic hair for a reason. What

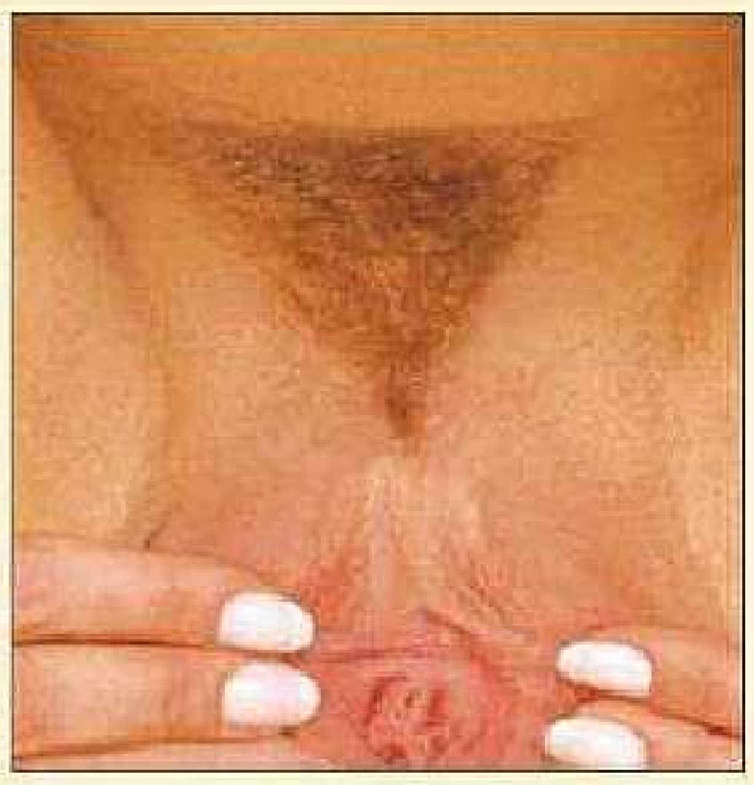
## STYLIN'' THE BUSH

*With so many possibilities, what's a woman to do? What's best for her mood, or for her lover. We took on these perplexing questions and have compiled a photographic guide to pubic hair styles. The possibilities and names are endless, so we'll concentrate on some of the most popular. So she has decided to trim back her pussy. Good for her for keeping up with the times. Before she starts she'll have to decide what shape works best for her, and you...*



### *Aussie*

Yes, you guessed it, it's the shape down under. All the top pubes are hairless and the area over the labia are hairy. This is a variation for those men and women who want to be tickled as they cunny. And saves the most delicate parts from the razor.



### *Arrow*

The second most favorite cut is the arrow. It can point up or down depending on the message one wants to impart, but the favorite is pointing down. That's kinda silly because we know our way down there, but maybe someone still needs directions.

*A woman is standing at a London bus stop when a sudden gust of wind blows up her skirt.*

we do with pubic hair as adults is entirely up to us.

During the "Free Love" days of the hippies in the Sixties and Seventies, a full natural bush was the norm. Even the porn flicks of the time reflected that lifestyle. A the Eighties and Nineties set upon us, the bush began to diminish in size. Disposable razors and lots of advertising began the decline of the natural bush. As porn became more accessible to all, pubic hair got smaller and smaller to the point where a bald pussy ids seen am much today as any point in time. This is not only the case in porn, in the states as well as internationally, but it has permeated into society in general. Pop stars and celebrities openly discuss their nether regions. Paparazzi shoot them as they exit cars and dance at clubs. Those shots command tens of thousands of dollars and are seen by everyone. There are websites devoted to shaving techniques and dos and don'ts when shaving down there.

While it's a public spectacle, at the same time it's a private affair. Since most of our women are not porn stars, why are they shaving? Do we men want it? Do the women think we want it? Do they really want to do it? It's a debate that mostly goes on between women and we men are rarely asked our opinion. But we are here to

**Au Natural**

***Many men, even today, prefer the Au Natural look because it is so organic. No upkeep needed, and it keeps in the smells so associated with the sex act. If you ladies prefer this, please trim it back every once in a while. No one likes it overgrown.***

**Brazilian**

Made famous on and off the beaches of Rio, this tuft of a muff has led to thousands of bikini waxing shops across the country. Able to morph into many shames, the basic cut leaves hair just centered above the genital region.

**Butterfly**

Perhaps one of the most delicate and organic shapes in pubic hair trimming is the papillon. Difficult to do by oneself, it's a great way to spend an afternoon and then take the evening to admire the handiwork. Have fun with it.

**Christmas Tree**

One of our seasonal favorites, along with the jack-o'-lantern for Halloween. Another arrow shape that seems to blossom during the winter holiday. With longer hair ornaments and holly are often attached to help ring in the holiday cheer.

**Flame**

A sizzling statement often reserved for the more adventurous or sexually in-heat ladies. When you go down on her and discover the flame, you better be ready for some hot action. If you can't keep up she'll put your flame out and you're in the cold.

**Landing Strip**

By far and away the most popular of all hair down there styles rivaled only be the clean shaven pussy. Often called the Mohawk if the hair is a bit longer. It's an easy style to maintain and doesn't matter much if it's well kept or not.

*The bus driver opens the door at that moment and says, "A bit airy, ain't it?" She replies, "What were you expecting – feathers"*

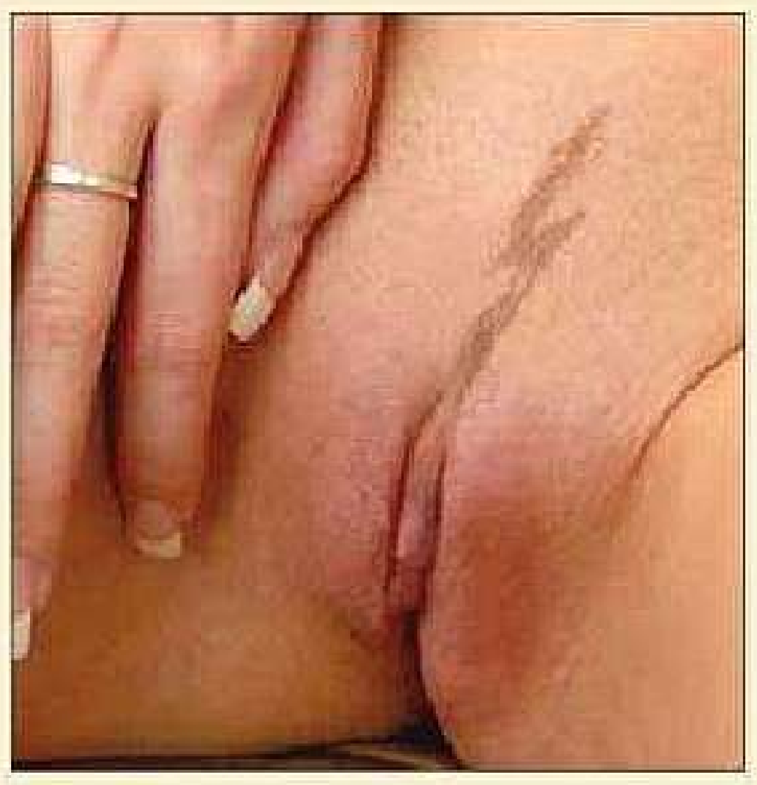
give voice to men on this super important subject.

Billy in Dallas likes his women au natural. " I want to feel that hair down there. It's a different texture than the rest of the body. If I want to rub my nose on bare skin, I can find it on 98% of her body. Leave it alone." Axel in Phoenix also digs the bush. "My lady likes it when I play with her pubes. I like to twirl her hair into little ringlets, pull on it when I'm going down on her, and above all, she likes it when I pull my fingernails across it. She says it makes her tingle."

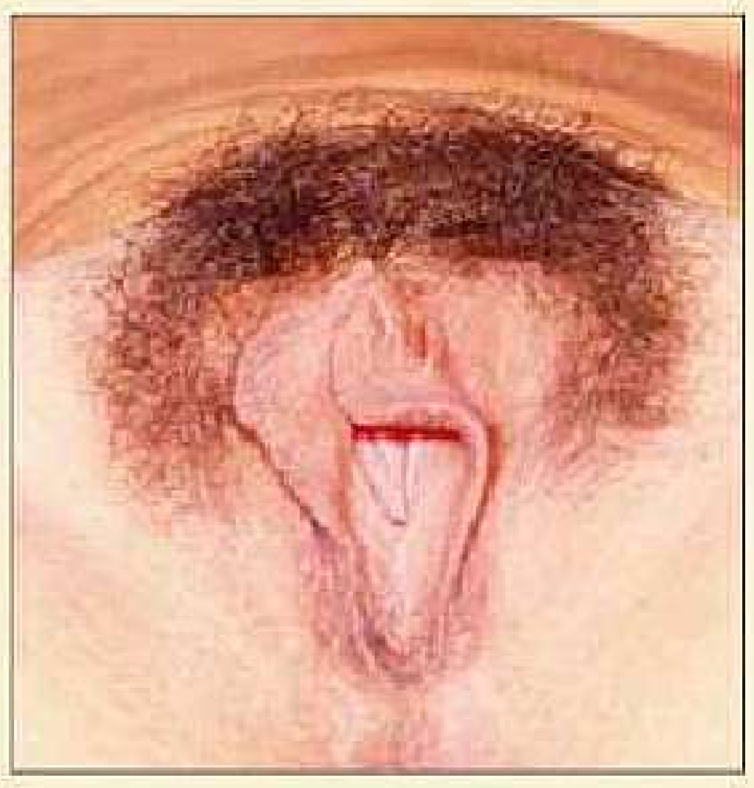
On the other side, some men want none at all. Ashe in Boston is a bare pubes dude. "I don't want anything down there to get in the way of my tongue. I really don't care for the smell so no hair makes it easier for me to go down on her." Samuel in Miami is the same. "Down here, the humidity gets to the pubes really fast and if the lady is clean shaven she can stay fresher longer. I like the smoothness of a cleans haven pussy. It rocks."

As you can see the debate goes on. There is no right or wrong. Just what is right for you. Shaving a pussy is really fun for us guys, too. And if you do a bad job, no one else (you hope) will see it, and it grows right back. Don't be afraid to ask your lover to shave for you, if she doesn't already. It's what our society has come to.

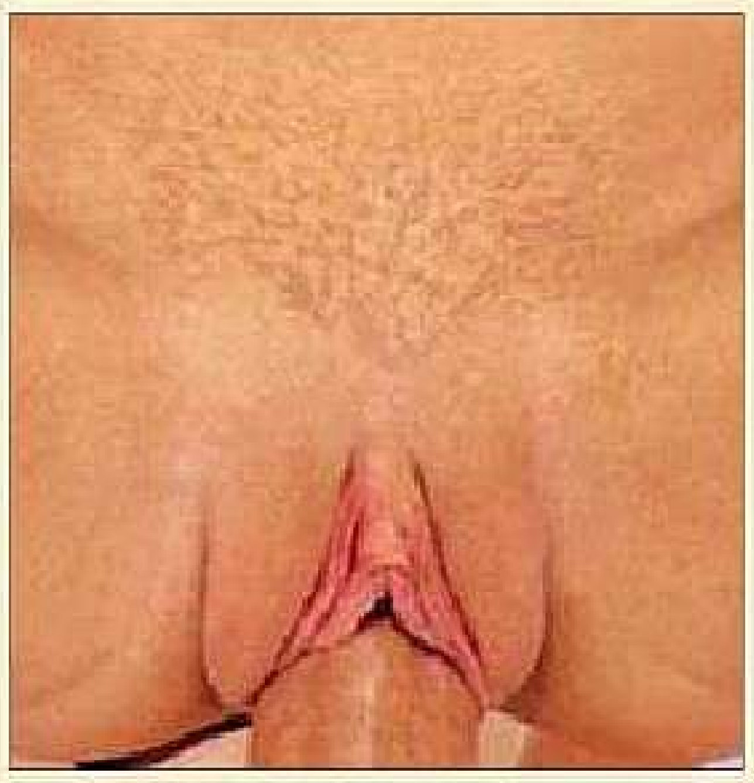
***Shaved Clean***
*And on the other end is the baldie. No hair, and preferably, no stubble. Many women say that sex is more heightened after they have just shaved. Their sensations are heightened. Others say it's so much easier to shave it all off than to style it.*



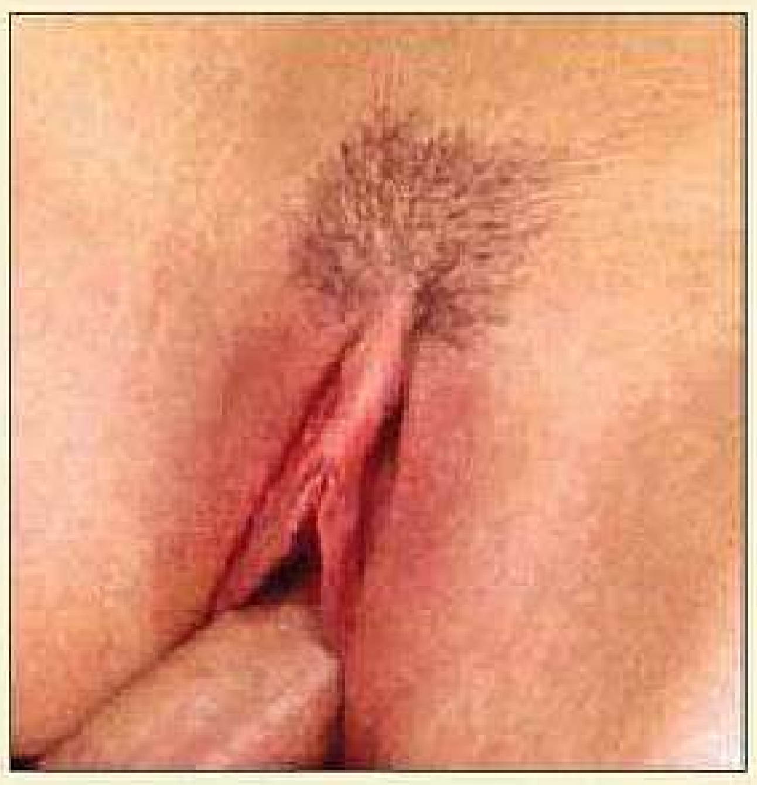
***Lightning Bolt***
Another adventurous style that also send a message to the her partner. This is a style that is also best done with an assistant so that the shape comes out right. This stye also goes well with tattoos and looks great when blonded.



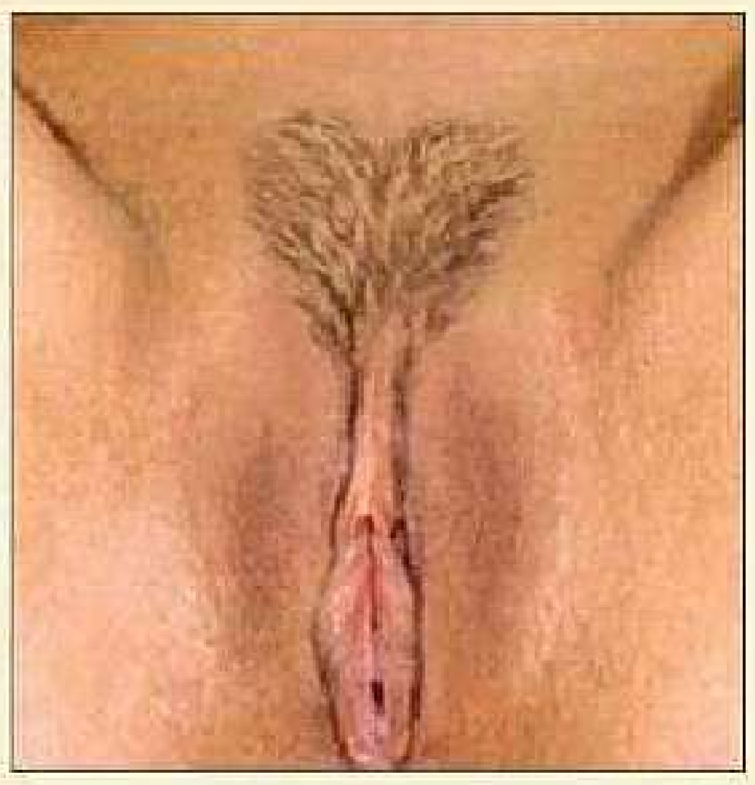
***Moustache***
This is a fave of your mischievous love. When you're down on her looking up at her, it looks like your sporting a large moustache. Great for a few laughs and then shave it off. Also called the Pancho Sanchez south of the border.



***Peach Fuzz***
Not really a pubic hair style and not to be confused with five-day growths. Many times a woman will just want to shave it down to a comfortable length where stubble is not a concern. Looks great on light colored or blonde hair.



***Postage Stamp***
Just a shorter version of the Landing Strip. We have one lady who has an unusual sense of humor - or lovemaking - who tells us she calls hers Little Hitler because the guy down there now has a moustache resembling Die Fuhrer's.



***Heart***
Another perennial favorite is the heart shape. Not too difficult to do, it sends a powerful message to your lover. It's the aesthetics of the shape, and the sentiment behind every stroke of the razor that gets your loving message across.

# Some words for Mistress Oralee

Dear Mistress Oralee,

For the last two years I've been having this problem and although I've sought help for it, nothing seems to be working for me. Perhaps you have some insight that others don't. In brief, I'm attracted to my sleeping wife. I want to rub myself on her and even make love to her while she sleeps.

I have not tried to fuck her yet, but I have touched her breasts and her butt as she sleeps. I have not touched her genitals but have come very close to doing that. Usually I'll just rub or stroke my cock but have not brought myself to orgasm.

This started out quite innocently as we were watching TV and she fell asleep on my lap. I was stroking her hair and shoulders as she fell asleep. While I watched the rest of the movie, I would glance down at her sleeping and fantasize about touching her more deeply. Some nights after we're in bed, I'll pull the sheets off and look at her body and turn on the night light so I can look at her a little better.

One night her nightshirt rode up and her midsection was revealed. I slipped my hand under it and fondled her breasts. At first there was no reaction from her, but as I continued for a few minutes I sensed her become more active so I stopped. Another night she was sleeping on her stomach and I slipped my hand under the waistband of her boxers. I rubbed her cheeks trying not to squeeze them too hard. I pushed a couple of my fingers between her butt crack and almost got to her butt hole but thought the better of it. I think I felt her hips rise as I rubbed her butt, but cannot be sure.

Now I don't know if she realizes I do this. I have never said anything to her about it and she has never said anything about it either, even after I asked her to share her dreams. Do you think I should tell her? How do you think she will take it? I feel I need to confront my situation before I do something I'll regret.

– Randall, NYC

*To all my fans, I hope you'll keep writing so I can read your sexy letters. I love you guys – Mistress Oralee.*

*Dear Randall,*

*I share your pain and I hope you will find resolution. As you probably know, you are suffering from an illness called Somnophilia. It's defined as rubbing the body parts without force when your partner is sleeping. Less clinically it's called the Sleeping Beauty Syndrome. It is a behavioral disorder consists of sexual fantasy, kissing, rubbing and excitement. Sometimes it's caused due to behavioral or psychological problems, but you have not really defined any except to say you're falling deeper into it.*

*My first piece of advice is the obvious. Think about talking to your spouse. Find a way to bring up the subject delicately. Talk to her openly about it. You'll never know what words of wisdom or compassion may come out. If that fails, then you both should see a behavioral therapist together. Things might come up that are hidden deep and if they surface your problem may just disappear.*

*– O.*

Dear O,

I've been a fan for years and am wondering if you make personal appearances or speeches?

– Ed, NYC

*Dear Ed,*

*I haven't, but I might for you!*

# Got something to say?

*Marcus sent us a lengthy letter, but we were so horny by the time we finished it, we him asked for more.*

After high school I was lucky enough to get into film school at NYU. My family didn't have much money but I was able to score a few grants and take out a student loan to cover my tuition and housing expenses. At college we were immersed in the ins and outs of making movies, commercials, and music videos. I always felt cool when I'd walk around campus because I saw the other students carrying huge text books for boring stuff like chemistry as I was walking to set to make a short film. Plus, who's sexier - an electrical engineer or a movie director?

When I graduated from NYU I decided to stay in New York City and get professional work in the film industry with the goal of, like so many other film school graduates, being the next Spike Lee , Quentin Tarantino, or Robert Rodriguez. Quickly I was able to get work as a Production Assistant on a music video for an up and coming hip hop artist. Perfect, I thought, as I was big into the underground hip hop scene on campus and around the city, not to mention I had a stack of notebooks full of rhymes I'd penned.

As a PA you're the low man on the totem pole and basically do odd jobs on the set. In other words you're everybody's bitch. Even though I'd worked on a handful of music videos in school I had no idea what to expect when I showed up for my first day on a professional set, and I definitely didn't expect the shoot to go the way it did!

The call time was 6 AM and like an idiot I overslept and showed up late, around 6:45 AM. I thought for sure I'd get shit-canned before I even started. Luckily though, the assistant director tore me a new asshole and then told me to report to the wardrobe department. I had wanted to hang by the camera but those positions were already taken. Still, I was happy to have the job.

Without thinking I opened the door to the wardrobe trailer and was greeted by the sight of three mostly naked models shimmying into their sequined costumes. Tits and ass flying everywhere, they jumped and screamed at me to close the door and get out. Embarrassed, I tripped down the steps of the trailer as I struggled to leave and close the door as fast as I could. Not thirty seconds later the door slammed open and the wardrobe artist came out of the trailer to tear me my second new asshole of the morning and lecture me on the importance of knocking. I stammered out an apology and explained myself. Then she softened her tone, flipped her hair, looked me up and down, stuck out her hand and introduced herself as LaVonne.

She was probably 32, beautiful, and had a body that'd stop a Mack truck. Still embarrassed, I winced as I knew there was no way she could have missed the hard-on tenting out my jeans. I could swear I saw a smirk as her eyes grazed my crotch. The trailer door opened again and the models headed down the steps and off to the set, sneering at me as they passed. Fortunately none of their eyes drifted south…

Coolly, LaVonne told me to get my ass in the trailer and help her straighten up. Could this day possibly get any worse, I thought, as I walked up the stairs in shame. LaVonne followed and didn't say much as we picked up, sorted and put away the clothing and accessories from the morning's shots. Every so often she'd glance over at me to make sure I wasn't fucking anything up. After the models came back I was dismissed.

As lunch ended the assistant director sent me back to the wardrobe trailer to help prep for the afternoon. When I got to the trailer LaVonne was alone and in a more cheerful mood than the morning. "I see you've regained your composure," she said as she laughed and glanced down at my crotch. I laughed it off as she set me to work pulling clothes and assembling outfits with her. Whenever more models would come in to be dressed she'd send me outside to wait. Judging by the hotness of the girls coming in and out of the trailer and the skimpy outfits they were wearing I knew it was one of those big booty ho music videos.

I was in the trailer arranging a drawer of accessories when I heard the trailer door lock. Then all of a sudden I felt a set of breasts push into my back and heard LaVonne's low voice in my ear. I straightened up as she said, "I liked what I saw this

# Got something to say?

*So Marcus, what happened on those other two days of the video shoot? Can we get LaVonne's number?*

morning when you got flustered," accentuating her statement by reaching around and rubbing my crotch with her open hand. Not at all what I was expecting, I laughed nervously as my cock quickly reached full mast. "Just relax, hon. You're in good hands," she said as she unzipped my fly and pulled out my raging hard-on. She pressed more firmly into my back and began to nibble on my ear as her hand worked its magic on my shaft. As her hand slid up over the tip of my cock and back down again, faster and faster, her tongue buried deep in my ear, I anticipated the climax of my life. LaVonne must have sensed that I was about to cum because suddenly she stopped.

LaVonne turned me around to face her. As we locked eyes, she put her finger to my lips to silence me as I opened my mouth probably to stammer out something I'd regret. She smiled, dropped to her knees, undoing my pants in the process. Her nipples were huge and erect, ready to burst through her tank top. Passionately she took my throbbing member into her mouth and began bobbing upon and down on it. One hand cradled my balls while the other reached up under my shirt to caress my chest. My nervousness was rapidly evaporating and I began to moan softly as she sucked my cock. I reached down into LaVonne's tank top and grabbed a handful of tit-flesh. My thumb and forefinger circled and teased her hard nipple. LaVonne moaned a bit herself and proceeded to open her throat and take my cock all the way in – my first deep throating. I thought I was going to go out of my mind, and I struggled to prolong the pleasure and hold back my orgasm. However, my efforts were in vain as I exploded a torrent of cum down her throat.

As my cock flopped out of her mouth, our eyes met. LaVonne was running this show, and it seemed that I was along for the ride on this one so I didn't say anything. She smiled at me sexily, stood up and said, "I hope you enjoyed yourself, and more than that I hope that rock star cock of yours doesn't require too much of an intermission because my pussy's wet as fuck and we've got about 15 minutes until those models come back." Before I could say a word her tongue darted into my mouth and her hand pulled mine to her pussy. I started to rub her pussy through her shorts, feeling her wetness seeping through them.

LaVonne broke the kiss by pushing me back toward the couch in the trailer. She smiled widely as she pushed me all the way onto the couch and said, "I'm starting to feel a bit overdressed." She pulled her tank top over her head. Her tits were an amazing sight to behold. LaVonne ran her hands over them for minute, tweaking her nipples and mashing them together. Then she undid her shorts and pulled them and her panties off in one smooth motion, revealing a neatly trimmed black bush.

LaVonne climbed on top of me, grabbed my cock, and began running it up and down her pussy lips and across her clit. A minute or two of that and I was fully ready for action. LaVonne was well aware of this as she stuffed my cock into her dripping pussy and began to bounce up and down. Holy fuck was her pussy hot! I gyrated my hips to match her rhythm, thrusting deeper and deeper. Then I took one hand from a breast and thumbed her clit while she rode me. I could tell she wasn't expecting that and that it was really getting her off. Biting her lip, she purred out low moans, obviously not wanting to draw unnecessary attention to the trailer. Then all of a sudden she stiffened up and rolled her head back, bucking her hips in short bursts and biting down harder on her lip. She leaned over and whispered in my ear that she just came. I let go again, this time deep inside her pussy while she grinned.

LaVonne glanced at her watch and then hopped off me. She said we better clean up quick because the models were due any minute. I got up off the couch and we both dressed quickly. LaVonne lit one of those scented candles and put a blanket on the couch to cover up the big wet spot our action left. The rest of the day was busy and without more ribald activity. However, LaVonne and I shared a few knowing glances and she gave me a big hug and a kiss at day's end. As I was leaving to go home, I passed the make-up artist Kelly. We made eye contact and then she looked down at my crotch and then back up at me and flashed a huge grin.

I went to bed that night with a shit-eating grin on my face knowing that there were two more days of shooting left. I could fill another ten pages talking about what happened next. I'll say this much: it turns out that LaVonne and Kelly are really, really, REALLY good friends. I know – you're jealous… and you should be. It's official – I have the BEST job in the world!

*Sexy, sultry AND sweet!*

I used to be a runway model in the Nineties and working in Europe. There I met an Italian count who introduced me to one of Italy's most famous still photographers. Well, I stopped the cat walking and started working more and more in front of the camera.

When I moved to France, I did a whole lot of swimsuit shots. There was a whole lot of topless stuff and I was cool with that. They're much more relaxed about nudity and I got comfortable with it, too. That helped me a lot when I decided to do this shoot. I had a lot of fun and the shots are great. No?

# Letters From Our Readers

*When we caught our neighbors in the act, they didn't shy away from inviting us to join in...*

## LOVING THY NEIGHBOR

Our neighbors Phil and Sharon are great friends of ours. My husband Ted and I have known them since the day we moved in 6 years ago when they arrived with a basket of flowers, baked goods, and a bottle of wine. Phil and Ted golf together, fix their cars together, hit the bar together, and are pretty much inseparable. For all I know they were married in a past life. Sharon and I also enjoy a great relationship. The four of us regularly get together for cookouts, trips to the movies, and even vacations.

One Saturday Ted and I were at home sitting out by the pool drinking margaritas. The sun was shining and the temperature was perfect, a nice breeze blowing gently. I was wearing a new ultra-skimpy bikini that I'd picked up at the mall the other day. Very clearly Ted approved of my purchase. Earlier he'd chased me around the pool slapping my ass, snapping the bikini-top strap, and trying like hell to pop out my titties (not like they needed much help or anything).

Feeling loose now, I felt it was time for a more comprehensive tanning experience and undid my top. Ted nodded and smiled approvingly, his eyes zoning in on my breasts. I returned the smile and with my hands gave them a little shake. "Keep doing that and your tits won't have a chance to tan cuz they'll be covered with my face," Ted said.

"Yeah?" I chided him, tweaking my nipples. "Maybe sun's not all they're after." Ted didn't need any more incentive. In no time he was out of his chair and straddling me. His hands locked onto my 36C's and started massaging firmly. I reached up and caressed his shoulders, running my hands through his hair. Ted bent down and took one of my erect nipples into his mouth, sucking and teasing it with his tongue. Then he took my whole tit into his mouth while his other hand continued fondling my other tit.

I moaned a little, my pussy moistening from his touch. I could feel his hard cock rubbing against my thigh, and I couldn't wait for my chance to put it in a hole. Ted leaned back, patted my clothed pussy, and reached over to grab a towel. He placed the towel at the foot of my reclined pool chair, kneeled on it, and pulled me forward by my legs. His hands reached up and gracefully slid off my bikini bottoms, exposing my wet, shaved pussy to the warmth of the sun. "Looks like you won't be tanning her either," said Ted, tongue out, eagerly diving into my beaver.

It was at that very moment that our pool gate swung open, and through it walked a smiling Phil carrying two six-packs. One of them crashed to the ground when he saw Ted's face buried in my twat. Ted jerked upright and spun around as I grabbed a towel and covered up. I was totally embarrassed and Ted looked was on the verge of turning beet red. There was an extremely awkward silence as Ted and I stared at Phil and him at us. Finally, Phil spoke. "Sorry Ted. It looks like I interrupted your lunch."

Ted and I broke up laughing, and so

WHAT DO HOUDINI ABE LINCOLN and GRANDMA HAVE IN COMMON?

*Our readers were just mad about Maddie on the cover and showing it all off in the last issue of **Nasty Housewives**. Apparently Mr. Scott likes her an awful lot.*

To *Nasty Housewives*:

Thank you for all the beautiful housewives you continue to show each month. I really loved the pictures of Maddie you ran last month. Healthy women really turn me on. I'm 52 and live by myself. My favorite thing to do is to lay back in my bed at night with a beer and gaze at the wallpaper I've created with all the beautiful pictures from your magazine and fantasize about touching them. Sometimes I grab my cock and stroke it gently and imagine that it's Maddie or Raquel doing it. I'll often put my finger in my beer bottle and fixate on one of the beauties and pretend she is right next to me. I also like to grind on my pillow while staring at the pictures and envision fucking them one by one. After a beer and a good cum, I'm sure to have a good night's rest. Then I'm looking forward to your next issue.

*– Mr. Scott, San Francisco*

*In all our years of friendship, Ted and I had never heard them mention having sex with other people.*

did Phil. Ted stood up and just as he did Sharon bounded through the gate. “Hey y'all!” she said, and then her eyes fell upon the shattered beer bottles on the ground. Then Sharon glanced over at me. I was still sitting the pool chair sheepishly, barely covered by the towel. Quizzically, Sharon now looked over at Ted, and as her eyes ventured downward they were treated to the sight of Ted's raging hard-on threatening to rip through his shorts. Sharon looked at Phil, who shrugged, a turned back to Ted.

“Nice package, Ted,” she said. “I didn't know it was going to be that kind of party. I guess I better adjust my attire,” and with that Sharon undid her bikini top and let it fall to the ground. Ted's jaw dropped. As Sharon made her way to the empty pool chair next to me, she grabbed a beer from the remaining six-pack and patted Ted's cock as she passed him. Now it was my turn for a jaw drop, but quickly I closed my mouth and didn't say a single word..

I wouldn't say that I was in shock, but I was definitely a little bit out of my comfort zone and feeling a bit vulnerable. Sharon sat down in the chair next to me and cracked open her beer.

Phil walked up to Ted and said, as if he were discussing a carburetor or a five-iron, “Sharon's found you pretty damn attractive ever since we met. Any chance you and Karen are into the swing-thing?”

Geez! Just when you think you know people really well, they turn around and surprise you. In all our years of friendship with Sharon and Phil, Ted and I had never heard them mention having sex with other people. As if she was reading my mind, Sharon said, “We made a pact with each other not to discuss our sexual extracurriculars with anyone outside of that circle. It appears that cat is out of it's bag,” and placed her hand on my toweled thing.

Ted's gaze went from Phil to Sharon's tits with their silver dollar areolas and rock-hard nipples. His eyes lingered a moment and then questioningly met mine. Ted and I had watched our fair share of porn together over the years, so group sex wasn't completely unfamiliar to me. Sharon's hand was now sensually massaging my thigh. Sharon seemed to be reading me again when she abruptly leaned over and kissed me, threading her tongue passionately between my lips. I just went with it and kissed her back, my body clearly not waiting for my mind's agreement. Sharon's exposed breasts pressed firmly against my toweled ones, and the heat between us increased.

In the background I heard footsteps and then felt hands caressing the sides of my breasts and my stomach. I opened my eyes, expecting to see Ted rubbing me down, but instead I saw Phil. He smiled at me and started kissing my back. I looked at Sharon and sure enough, Ted was behind her massaging her similarly. I closed my eyes again. My god was this getting hot! I'd never really thought about sex with Phil but now the prospect of it was igniting my pussy.

Phil's hands slipped more firmly between Sharon and me and pulled me backward, breaking our kiss. He turned my head and replaced her lips with his own, simultaneously removing the towel from the equation. One of his hands cupped a tit while the other found my hot sex, parting my lips with his index finger. I gasped and relaxed into him. Emboldened, he held me more firmly, pinching my nipple and venturing one finger into my pussy while the other ran circles around my clit, his cock now throbbing against my back. I let out a moan, and as if on cue Ted followed suit.

I opened my eyes and saw that now Ted

*...he doubled up and thrust two fingers into my dripping pussy. My hand found then his throbbing cock.*

was lying in the other chair and Sharon had her lips wrapped tightly around his erect cock, his shorts at his ankles. Our eyes met and silently acknowledged that all was good. Ted reached one hand down latched on to one of Sharon's plump, flopping tits while the other held the back of her head.

Phil broke our kiss and slipped his tongue into my ear, one of my favorite moves. Then he doubled up and thrust two fingers into my dripping pussy. My hand groped around behind me and found his hard cock, throbbing between us. I grabbed it through his shorts, eagerly anticipating it burying itself in my twat. All of a sudden I heard a splash and looked up to see Karen and Ted inside the pool. Ted grabbed Karen by the waist and with the help of the water lowered her onto his cock. Karen wrapped her arms around Ted's neck as he propelled her up and down, moaning. "I want to you to fuck me in the pool, too, Phil."

"Your wish is my command," Phil replied, and pulled his fingers out of my pussy. We both stood up, and Phil dropped trou. I grabbed him by his impressive manhood, led him over to the pool, playfully pushed him in, and then jumped in myself. Again my hand found his cock in the water and I stroked it a few times before Phil picked me up by the waist. I kicked up my legs and wrapped them around him as I sank slowly down onto his waiting shaft, gasping as it parted my pussylips and inched up inside me. "Honestly, I wondered if this ever might happen," Phil said as he began pumping me up and down on his thick cock.

"Shut up and fuck me," I said over the sounds of Ted and Sharon moaning close by our love nest.

Phil squeezed my sides and kissed me. Phil's cock felt amazing inside me, and between that and the water I was in heaven. Over and over again he pumped me up and down, our fuck parts grinding together in rhythmic bliss, the water lapping gently against us. I drifted into a state of ecstasy. Then it sounded like Ted and Sharon's voices were getting closer, and all of a sudden I felt Sharon's smooth back against mine. Ted had navigated her through the water to Phil and me, all the while maintaining his cock-to-cunt probing. Their arrival made everything hotter for me, and I could tell Phil was into it too.

Back to back the guys fucked Sharon and me. She and I moaned while the guys grunted. Quickly we fell into a rhythm. The guys fucked us harder and then as if by some crazy sex magic Sharon and I screamed and we all came at once!
After each of us caught his/her breathe, we sat in the shallow end and made small talk. It was agreed that a mutually good time was had by all. We swam a bit, had some more drinks, and eventually fired up the grill.

Eventually, our neighbors went home, leaving Ted and me to reflect on the day's events. "Yup," Ted reiterated, "that was pretty fuckin hot."

"I know," I said. "Who'd have thought? And who else can we fuck?"

Ted's mouth popped open in disbelief, and then it quickly turned into a sly grin. He pulled me closer to him and grabbed my pussy. "Anyone you want, babe. Anyone," and kissed me deep.

*– Karen, MILF next door*
